## About Winnipeg

Winnipeg is the capital of the Canadian province of Manitoba. Its heart is The Forks, a historic site at the intersection of the Red and Assiniboine Rivers, with warehouses converted to shops and restaurants, ample green space dedicated to festivals, concerts, and exhibits. Nearby, the Exchange District is known for its well-preserved, early 20th-century architecture and numerous art galleries.

**CAPPA 2019 CONFERENCE SCHEDULE**

### **Optional Fishing Expedition/Fish Fry**

8:00 a.m. - 3:00 p.m.

\$160 USD/person + \$34 CDN self pay License Fee

Come join us for a 4 hour fishing expedition on the Red River! During the fall the catfish **WILL** be biting! This is a catch and release, and includes a guide, boat, tackle, rod, bait, etc. Following the expedition — there will be an all you can eat Lake Winnipeg Walleye fish fry!

### **Optional Tour \$100 USD/person**

9:00 a.m. - 3:00 p.m.

The Canadian Museum for Human Rights (CMHR) is the first museum solely dedicated to the evolution, celebration, and future of human rights. The CMHR is also the first national museum to be built in nearly half a century, and the first outside the National Capital Region.

This 90-minute guided tour will take you on a human rights journey and help you discover what the Museum is all about. You will be able to explore most of the galleries and connect with compelling human rights stories. You will also see many architectural features of the building. Access to the Israel Asper Tower of Hope is not included in the guided tour. However, you will be able to visit the Tower on your own following the tour.

The Canadian Museum for Human Rights will take you on a journey of inspiration unlike anything you've experienced before. From the moment you enter through its massive stone roots, to the time you emerge in its light-filled Tower of Hope, you will be moved by the power of human rights.

Next enjoy lunch at ERA Bistro. Located in the Canadian Museum for Human Rights, one of the world's most architecturally progressive buildings, ERA is Winnipeg's gathering place for good food, sharing, and reflection. End your day with Dr. Frank Albo, creator of the Hermetic Code, for an unforgettable tour of decoding the famous symbols and architecture that makes the building truly unique. Meet inside the Manitoba Legislative Building and begin your understanding of this magnificent building.

Dr. Albo will uncover trails of occult clues concealed in the building's architecture including: hidden hieroglyphic inscriptions, numerological codes, and Freemasonic symbols so intelligently masked it has escaped historians and visitors for nearly a hundred years! You will learn that the building is a library of coded messages and secret techniques inscribed in a Masonic language. Is it possible that the Legislative Building is really a conduit of magical power? Is the building's location in the centre of North America a site for numinous earth energies? Come and find out for yourself! The Hermetic Code Tour is part of the Signature Experience Collection with Destination Canada.
